

Senthil Nathan Mruthulan

Software engineering intern / Full-stack developer

Singapore • mruthulansenthilnathan@gmail.com

mruthulan.com • linkedin.com/in/mruthulan • github.com/mru34

Year 2 Information Technology student at Singapore Polytechnic building full-stack and AI-assisted products. Two-time 2026 hackathon champion and S\$3,000 Dell InnovateFest second runner-up, with experience shipping a live booking product for a Singapore business.

EDUCATION

Diploma in Information Technology

Apr 2025 - May 2028 (expected)

Singapore Polytechnic

TECHNICAL SKILLS

Languages and frameworks

Python, Java, JavaScript, SQL, HTML/CSS, FastAPI, Node.js, Next.js

Data and delivery

PostgreSQL, MySQL, REST APIs, Git/GitHub, automated testing, Render

SELECTED WORK

SignalBridge

Champion, SP InnovateDash 2026

- Built youth-facing consent and handoff flows, API and Discord integrations, and automated tests for an AI-assisted support platform.
- The project was recognised as the competition champion and featured by Singapore Polytechnic.

MEANT

Second runner-up, Dell InnovateFest 2026 / S\$3,000 prize

- Designed UI and interaction flows, contributed the Singaporean text-to-speech voice, and presented the solution at the national final.
- Helped create an on-device assistant that suggests contextual replies while keeping every spoken response under the AAC user's control.

Better Call Bhai

Live appointment-booking product for a Singapore barber shop

- Designed, built and deployed a responsive booking experience that replaced manual WhatsApp appointment coordination.
- Owned the customer journey, appointment form, mobile interface and Render deployment.

KnowCad

Champion, Autodesk Singapore AI+ML Hackathon 2026

- Built a retrieval and AI-assisted workflow that surfaces relevant knowledge while keeping human review in the decision process.
- Contributed to team delivery and communicated the concept to a nontechnical audience; project materials remain private.

EXPERIENCE AND LEADERSHIP

Retail Associate

Watsons Singapore / Mar - Apr 2025

- Served customers, processed payments and supported self-checkout, stock replenishment and crowd flow in a fast-paced retail environment.

Secretary, Subcommittee

Youth Harmony Chapter / Singapore Polytechnic

- Coordinated communication and follow-through for student-led activities and community engagement.

Class Chairman and SP ACER

Singapore Polytechnic

- Led class communication and supported student outreach, including Open House 2026 and First Steps with SP.
