SELECTED PROJECTS

MEANT

On-device AAC communication assistant that suggests contextual replies

Represented Singapore Polytechnic at Dell InnovateFest 2026 National Final | 2nd Runner-Up | S\$3,000

- Designed the UI and interaction flows that keep suggested replies under the AAC user's control before speech output.
- Contributed the Singaporean text-to-speech voice and presented the solution at the national final.

Better Call Bhai

Responsive appointment-booking website for a Singapore barber shop

Live Client Project

- Built and deployed the end-to-end booking flow, replacing manual WhatsApp appointment coordination for the client.
- Owned the customer journey, appointment form, responsive mobile interface and Render deployment.

SignalBridge

AI-assisted youth support platform with consent and human handoff workflows

Champion, SP InnovateDash 2026 | Featured by Singapore Polytechnic

- Built youth-facing consent and handoff flows, API and Discord integrations, and automated tests for an AI-assisted support platform.

KnowCad

AI customer-service co-pilot that retrieves relevant knowledge for human review

Champion, Autodesk Singapore AI+ML Hackathon 2026

- Built a retrieval and AI-assisted workflow that surfaces relevant knowledge while keeping human review in the decision process.
- Supported team delivery and communicated the concept to a nontechnical audience.

EXPERIENCE AND LEADERSHIP

- **Retail Associate, Watsons Singapore** | Mar - Apr 2025 - Served customers, processed payments, supported self-checkout and replenished stock in a fast-paced retail environment.
- **Secretary, Subcommittee, Youth Harmony Chapter** - Coordinated communication and follow-through for student activities and community engagement.
- **Class Chairman and SP ACER, Singapore Polytechnic** - Led class communication and supported outreach, including Open House 2026 and First Steps with SP.
